

## PRODUCT DATA SHEET

Product ID: RGK2P  
Description: 17mm Steel Twistlock Karabiner with Captive Pin

Accredited to: EN 362: 2004  
Material: Steel  
Plating: Zinc  
Gate opening: 17mm  
External length: 107mm  
Closure type: Twist lock  
MBS: 25kN  
Weight: 215g

The RGK2P is an extremely safe karabiner to use, as it locks automatically and includes a captive pin that allows permanent fixture to a lanyard.

Similar to the RGK1 in size and weight, the RGK2P is ideal for lanyards and aid climbing and has the extra twistlock feature.
