

P-500

Safety harness

EN 361, EN 1497

EASY-TO-USE FALL-ARREST HARNESS

The P-500 harness can be quickly donned because of the design. It is equipped with pads, breathable vest and automatic buckles. All this minimizes the time to adjust the harness to the user and enables quick start of the work.

The P-500 is a comfortable, ergonomic full body and rescue harness that can be quickly donned. Automatic buckles allow the harness to be put on efficiently without loss of adjustment. The harness allows immediate access to tools by equipment holders and integrated loops.

Attachment points - metal and textile - provide tremendous versatility. The harness is equipped with rescue loops and fall indicators.

Quick-donning and easy to use

- Automatic buckles (belt and thighs)
- P7610 Sternal and dorsal attachment points
- Fall indicators 7613
- Rescue loops
- Two tool loops
- Comfortable all day long: the anatomical design ensures a perfect fit while providing optimal freedom of movement
- Lightweight, ergonomic design
- Adjustable shoulder, belt and thigh straps
